2010 Christmas Meeting

This years Christmas dinner was held Wednesday, December 15th, at the club's regular meeting place in the Knights of Columbus building in Kenner.

The menu included a bowl of gumbo as an appetizer, one's choice of a seafood platter or steak as an entre', a dinner salad and drink.

The meal was followed by various other activities including: the 50/50

raffle, a drawing for a \$20 gold piece, the member's gift pick, an awards presentation by Louisiana Numismatic Association and the announcement of the 2011 club officers.

The club made a special presentation to Ruth Young in appreciation for her hard work preparing the fantastic dinners that she serves at each monthly meeting. The club presented to Ruth a Marylyn Monroe Album with

much thanks and appreciation.

The night ended a bit on a sorrowful note when Linda Eddy announced her resignation as the club's communications secretary.

The club would like to thank all of you who have worked tirelessly through out the year to make the club events a success.

Louisiana Numismatic Association Awards

During the club's Christmas dinner, Patricia Reno of the Louisiana Numismatic Association presented certificates to club members who made presentations throughout the year.

Recipients for the 2010 calendar year were:

Rick Demer

Bob Eddy

Mike Buras

Mike Maniscalco

If you are interested in giving a presentation about your collecting interest we would love to hear from you. Please contact any club officer.

U.S. Mint Authorized to Produce Palladium Eagles

H.R. 6166 America Eagle Palladium Bullion Coin Act of 2010 was signed into law by the President on December 14. The bill had been introduced by Dennis Rehberg of Montana on September 22 and passed in the House on September 29 and Senate on November 30.

Provided that a marketing study determines that there is adequate

demand, the United States Mint would be required to mint and issue palladium bullion coins. The American Palladium Eagles would contain one ounce of .9995 fine palladium with a nominal face value of \$25.

Designs would be close likenesses of the work of Adolph A. Weinman, specifically the obverse of the Mer-

cury Dime and the reverse of the 1907 American Institute of Architects medal. The US Mint may additionally strike proof or uncirculated versions for collectors. The first Palladium Eagles are required to be minted and issued not more than one year after the submission of the required marketing study.

An Invitation from Michael Maniscalco

I suppose by now you have realized that the newsletter's format has changed. I hope you enjoy the new look. This format allows us to furnish our members with more information. I really want to make this newsletter about and for the club members and I need your help. Our combined membership possesses a

vast array of knowledge and expertise in the numismatic field. So I am extending a personal invitation to every member to contribute.

Please feel free to email me numismatic related announcements, and articles that you would like to see published. This newsletter would

be a perfect forum for members to write an article about their collecting interest to share with us all.
